Appendix “A” – Zoning Map

PART I: SECTIONS 1 - 8
OPERATIVE AND INTERPRETIVE CLAUSES

1.0 Title

This By-law may be cited as “The Town of Arborg Zoning By-law”.

2.0 Intent and Purpose

The regulations and requirements established by this By-law are deemed necessary in order:

- (1) To implement the objectives and policies of the Development Plan.
- (2) To outline the powers and duties of Council, the Board, the Development Officer and the landowner and/or developer as they relate to this By-law.
- (3) To regulate the following:
 - (a) all buildings and other structures erected hereafter;
 - (b) all uses or changes in use of all buildings, other structures and land established hereafter;
 - (c) all structural alterations or relocations of existing buildings and other structures occurring hereafter; and
 - (d) all enlargements or additions to existing buildings, other structures and uses.

3.0 Application

This By-law shall apply to all lands within the boundaries of the Town of Arborg. Said boundaries are shown on the attached Zoning Maps.

4.0 Minimum Requirements

In their interpretation and application, the requirements of this By-law shall be held to be the minimum requirements to satisfy the intent and purpose as set forth herein.

5.0 Relation to other Laws and By-laws

When a conflict arises between the requirements of this By-law and any other By-law or law in effect in the Town of Arborg, the following shall apply:

- (1) Whenever provisions of any By-law of the Town of Arborg, the Eastern Interlake Planning District or any requirements of the Provincial or Federal Government impose overlapping regulations, laws, or policies over the use of land, buildings or structures, or contain any restrictions covering any of the same subject matter contained herein, the most restrictive or highest standard shall govern;

PART I: SECTIONS 1 - 8
OPERATIVE AND INTERPRETIVE CLAUSES

- (2) Whenever the provisions of a special agreement or development agreement entered into between the Town of Arborg and a developer impose overlapping requirements over the use of land, buildings or structures, or contain any restrictions covering any of the same subject matter contained in this By-law, the most restrictive or highest standard shall govern;
- (3) The Province of Manitoba and the Government of Canada are not bound or restricted by any requirement of this By-law. Said Governments are encouraged, however, to permit only those developments which are consistent with the requirements of this By-law;
- (4) Nothing in this By-law shall be so interpreted as to interfere with the construction, alteration, extension, addition, service, replacement, maintenance, demolition, removal, cessation, improvement, and/or operation of the facilities of any public utility, public works, public service, or public office as provided by Government, its various agencies, the Town, the Planning District, and utility companies, provided that the establishment and operation of such public utility, public works, public service or public office is of a standard compatible with adjacent land use development and provided that any building or structure erected in any Zone generally complies with the yard and area requirements applicable to that Zone;
- (5) Nothing in this By-law shall waive any developer from obtaining all necessary permission, approvals, licenses, permits, etc., from other Government authorities and agencies prior to any development, resource use or land use taking place; and
- (6) Nothing in this By-law shall waive any developer from conforming to the Development Plan.

6.0 Zones

In order to carry out the intent and purpose set forth in this By-law, the following zones are hereby established in the Area:

- (1) "RG" Residential General Zone
- (2) "RM" Residential Multiple-Family Zone
- (3) "RMH" Residential Mobile Home Zone
- (4) "CC" Commercial Central Zone
- (5) "CH" Commercial Highway Zone
- (6) "MG" Industrial General Zone
- (7) "OR" Open Space/Recreation Zone

7.0 Zoning Maps

The location and the boundaries of the Zones listed in Section 6.0 above are shown upon Zoning Maps attached hereto, marked as Appendix "A" to this By-law. Said Zoning Maps form part of this By-law. All notations, references and other information shown

PART I: SECTIONS 1 - 8
OPERATIVE AND INTERPRETIVE CLAUSES

thereon, together with any amendments made by amending By-laws from time to time and shown thereon, together with any amendments to boundaries in the case of any street, lane or public utility right-of-way closing, as provided in subsection (4) of this Section, shall be as much a part of this By-law as if the matters and information set forth by the said Zoning Maps were fully described herein.

(1) Registered Plans

All plan references on the Zoning Maps pertain to registered plans filed in the Winnipeg Land Titles Office.

(2) Abbreviations

The abbreviations noted on the Zoning Maps mean the following:

- (a) "Blk." means Block;
- (b) "Gov't. Rd. All'ce." means Government Road Allowance;
- (c) "Pcl." means Parcel;
- (d) "Frac." means fraction;
- (e) "Pt." means Part;
- (f) "Rge." means Range;
- (g) "Sec." means Section;
- (h) "Twp." means Township;
- (i) "E.P.M." or "E" means East of the Principal Meridian;
- (j) "P.R." means Provincial Road; and
- (k) "P.T.H." means Provincial Trunk Highway.

(3) Interpretation of Zone Boundaries

In the interpretation of the boundaries of the zones as shown on the Zoning Maps, the following rules shall apply:

- (a) Heavy lines represent the zone boundaries. Where the zone boundary is broken by the name of a street, it shall be construed that the boundary continues through the name of the street;
- (b) Notwithstanding that streets, lanes, and public utility rights-of-way may be within zone boundaries, the regulations contained in this By-law shall not be deemed to be applicable to the said streets, lanes, and public utility rights-of-way;
- (c) Boundaries indicated as following the centerlines of streets, highways or lanes shall be construed to follow such centerlines;

PART I: SECTIONS 1 - 8
OPERATIVE AND INTERPRETIVE CLAUSES

- (d) Boundaries indicated as following lot, site or property holding lines on a registered plan shall be construed as following such lot, site and property holding lines;
- (e) Boundaries indicated as following the municipal limits shall be construed as following the municipal limits;
- (f) Boundaries indicated as following the centerline of railway lines or railway rights-of-way or public utility lines or rights-of-way shall be construed to be midway between the main tracks or the centre of the rights-of-way, as the case may be; and
- (g) Zone boundaries indicated as following shorelines of drains, streams, creeks, rivers or lakes shall be construed as following the ordinary highwater mark (where vegetation begins) of such drains, streams, creeks, rivers or lakes.

(4) Zoning of Closed Street, Lane, etc

If a street, or lane or Government Road Allowance shown on the Zoning Map is lawfully closed, the land formerly comprising the street or lane or Government Road Allowance shall be consolidated and included within the zone of the adjoining land. If the former centre line of the closed street or lane or Government Road Allowance was a zone boundary between two or more different zones, a rezoning of the road will be required to ensure that the entire road is in compliance with the zone of the land to which the road is consolidated.

8.0 Definitions

The following are definitions for some of the words, phrases and terms found throughout this By-law:

Accessory Building: means a subordinate building located on the same site as the principal building or principal use, the use of which is intended as incidental and accessory to that of the principal building or use.

9.0 Responsible Authorities

(1) **Council**

Subject to the provisions of the Act, the Council is responsible for:

- (a) The enactment of this By-law;
- (b) Administering and enforcing those provisions of the Act, where applicable;
- (c) Considering the adoption of proposed amendments or the repeal of this By-law;
- (d) Approving or rejecting conditional use applications, and revoking the authorized conditional use for any violation of any conditions imposed by it; and
- (e) Establishing a schedule of fees

(2) **Planning Advisory Committee**

Planning Advisory Committees may be established in accordance with the Act.

(3) **Variation Board**

Council shall act as the Variation Board in accordance with the Act.

(4) **Eastern Interlake Planning District**

The Board shall be responsible for the administration of this By-law. The Board's appointed Development Officer shall administer and enforce this By-law on behalf of the Town of Arborg and the Board.

(5) **Other Authorities**

Nothing in this By-law shall affect the authority of Government Agencies to regulate land, water and resource use in accordance with appropriate Provincial and Federal Statutes, Regulations and Policies.

10.0 Owner's Responsibilities

Every owner shall:

- (a) Prior to any development taking place, obtain a Development Permit;
- (b) After the development application has been approved and the Development Permit issued, obtain the written approval of the Development Officer before starting any

PART II: SECTIONS 9 - 19
GENERAL ADMINISTRATIVE CLAUSES

12.0 Amendments

An Amendment to this By-law may be initiated by a Resolution of intention by Council or by application of one or more owners of the property or their agents within the area proposed to be changed. An application to amend this Zoning By-law and all required information and fees as determined by Council shall be made to the Development Officer who will present it to Council, or the application may be made directly to Council. Council and the Development Officer shall ensure that any Amendments to this Zoning By-law are consistent with the objectives, policies and Land Use Classification Maps of the Development Plan. Where it is necessary to amend the Development Plan, said Development Plan amendment shall be formally enacted prior to third reading of any Amendment to this Zoning By-law. All Amendments shall be proceeded with only in accordance with the Act.

13.0 Conditional Uses

(1) Intent

The administration and execution of this By-law is based upon the division of the Town of Arborg into Zones, within which Zones the use of land, buildings and structures in relation to the land are substantially compatible. It is recognized, however, that there are certain uses deemed as "conditional uses" which, because of their characteristics, cannot properly be classified in any particular Zone without consideration, in each case, of the impact of those uses upon neighboring land and/or of the public need for the particular use at the particular location.

(2) Application

- (a) The application shall be filed with the Development Officer who in turn shall present the application to Council or it may be made directly to Council, and the application shall be accompanied by: a Site Plan, if required by the Development Officer and other data as the Development Officer may prescribe along with all applicable fees;
- (b) In accordance with of the Act, Council may impose additional conditions beyond the requirements of this By-law covering for example such items as: hours of operation, installation and maintenance of a buffer, architectural design, storage, fencing, signs, parking, density, landscaping, and other conditions as Council may, deem necessary; and
- (c) An application for a Conditional Use shall be processed and approved or rejected in accordance with the provisions of the Act.

(3) Expiry of Approval

PART II: SECTIONS 9 - 19
GENERAL ADMINISTRATIVE CLAUSES

The approval of Council in accordance with the provisions of the Act shall expire and cease to have any effect if it is not acted upon within 12 months of the date approved, and at the discretion of Council, the approval may be extended for an additional period of up to 12 months.

(4) Existing Conditional Use

- (a) Where a legally existing use is listed as a Conditional Use under this By-law, it shall be considered as a legally existing Conditional Use; and
- (b) Any change to a Conditional Use shall be subject to the provisions of the Act.

14.0 Variations

(1) Variation Orders Prior to By-law

A Variation Order or special exception granted prior to the coming into force of this By-law shall, subject to the provisions of the Variation Order or special exception shall be deemed to be varied under this By-law.

(2) Application

- (a) Any person may apply for a Variation Order in accordance with the provisions of the Act; and
- (b) An application for a Variation Order and all required information and fees shall be made to the Development Officer.

(3) Minor Variations

The Development Officer may grant or refuse minor Variation Orders pursuant to the Act.

15.0 Development Agreements

(1) Agreement with the Town of Arborg

As a condition of amending this By-law, making a variance or approving a conditional use or conditionally approving a subdivision, Council may require the developer, agent, owner or the person entitled to be registered as owner of the land or structure to which the Amendment shall apply to enter into a development agreement with the Town of Arborg with respect to that land as well as contiguous land owned or leased by the applicant.

(2) Agreement to Comply with the Act

The provisions of said agreement mentioned in Subsection (1) shall be in accordance with the Act.

16.0 Subdivision Applications

Subdivision applications shall be proceeded with in accordance with the Act. No subdivision application shall be approved which is contrary to the Development Plan, this By-law, provincial land use policies, subdivision regulations, and other regulations and requirements of the Federal, Provincial and municipal governments.

17.0 Development Permits

Prior to any development taking place, the owner or his agent shall obtain a Development Permit from the Development Officer, as well as obtain all other necessary permits as may be required by Council and other Government agencies.

(1) When Development Permit required

Subject to Subsection (2), an application to the Development Officer for a Development Permit is required for the following:

- (3) In the case of a corner site, there shall be a minimum side yard of fifteen (15) feet, on the street side of the corner site or as specified herein, whichever is greater;
- (4) The minimum separation between a detached accessory building and a main building shall be ten (10) feet, clear of all projections;
- (5) Where a side site line in a Commercial zone abuts a rear or side site line in an adjacent Residential zone, a side yard of 10 feet shall be provided in the Commercial zone along the said side site line. Such a side yard shall not be used for accessory off-street parking and loading, storage of refuse, materials or processing of any kind, except where a solid fence 6 feet high is provided and maintained along the site line abutting the residential zone boundary;
- (6) Where a rear site line in a Commercial zone abuts a side or rear site line in an adjacent Residential zone, a rear yard of 25 feet in depth shall be provided along the rear site line. Such a rear yard shall not be used for accessory off-street loading, storage of refuse, materials, or processing of any kind, except where a solid fence 6 feet high is provided and maintained along the site line abutting the Residential zone boundary; and
- (7) The minimum front and side yard requirements for accessory buildings and structures shall be the same as the minimum front and side yard requirements for the principal buildings and structures of the site, unless otherwise provided for herein. In case of fuel pumps for a service station, the minimum front and side yard requirement shall be 15 feet.

PART III: SECTIONS 27 - 28
INDUSTRIAL ZONES

27.0 Industrial Zones

27.1 Purpose

The Industrial Zones established in this By-law are intended to provide sufficient land in suitable locations to meet the needs of industrial development in the Town in keeping with the provisions of the Development Plan.

27.2 Industrial Zones

The following Industrial Zones are hereby established:

- (1) MG: Industrial General Zone

27.3 General Provisions

The provisions applying to the Industrial Zones are contained within this PART. Also applying to these zones are the provisions of PART I - "OPERATIVE AND INTERPRETIVE CLAUSES", PART II - "GENERAL ADMINISTRATIVE CLAUSES", PART IV - "GENERAL PROVISIONS" and APPENDIX "A" - ZONING MAP.

27.4 Use Regulations

- (1) **Industrial General Zone**

Sections 28.2 and 28.3 contained within this PART, lists all the uses that are "permitted" and "conditional" in the INDUSTRIAL GENERAL ZONE.

All listed uses are subject to the provisions contained herein.

- (2) **Exceptions**

No land shall be used or occupied and no building or structure shall be erected, altered, relocated, used or occupied hereinafter for any use in the Industrial Zone in which such land, building or structure is located other than a use listed in Sections 28.2 – 28.3, with the exception of uses lawfully established prior to the effective date of this By-law.

- (3) **Conditional Use**

Any use listed as a "CONDITIONAL USE" in Sections 28.3 contained within this PART, shall comply with the provisions as set forth in Section 13.0 of PART II – "GENERAL ADMINISTRATIVE CLAUSES".

- (4) **Accessory Uses, Buildings and Structures**

PART III: SECTIONS 27 - 28
INDUSTRIAL ZONES

In the Industrial Zones, accessory uses, buildings and structures shall include the following:

- (a) A garage, shed, or building, for storage incidental to a permitted or conditional use;
- (b) Incinerators subject to provincial and federal regulations, and which shall be incidental to the permitted or conditional use;
- (c) Storage of goods used in or produced by manufacturing activities on the same zoning site with such activities unless such storage is excluded by the zone regulations;
- (d) The production, processing, cleaning, servicing, altering, testing, repair or storage of merchandise normally incidental to an industrial or manufacturing activity if conducted by the same ownership as the principal use;
- (e) A dwelling unit or sleeping accommodation for a watchman or caretaker and his family, if, in Council's opinion, it is demonstrated that his presence on the same zoning site as the principal use is essential and necessary;
- (f) Accessory off-street parking and loading spaces as regulated in Section 27.7 of this PART;
- (g) Signs as permitted and regulated in Section 27.6 of this PART; and
- (h) Offices, business or professional, which are incidental and accessory to a permitted or conditional use.

27.5 Site Regulations

The site regulations shall be as set forth in the following sections:

- (1) Sections 28.4 – 28.5, Industrial General Zone Site Regulations.

27.6 Signs

PART III: SECTIONS 27 - 28
INDUSTRIAL ZONES

The following signs shall be permitted in the Industrial Zones:

- (1) One lighted or unlighted business or identification sign not exceeding a total sign surface area of one hundred (100) square feet, for any building or use permitted in this zone; and
- (2) Any identification or business sign permitted above may be attached to the face or roof of a building or structure or it may be a free-standing sign. However, there shall be no overhanging encroachment onto the adjoining sidewalk or street.

27.7 Parking and Loading

- (1) Off-street parking spaces, a minimum size of 10 x 20 feet, shall be provided on the same site as the main building or use, as follows:

TABLE III – IV

PARKING REQUIREMENTS

USE	MINIMUM PARKING SPACES REQUIRED

- (1) A Planned Unit Development shall be developed in accordance with Section 42.0 of this By-law.

28.7 Explanation and Exceptions to Industrial Site Regulations

- (1) Yard and height requirements apply only to buildings and structures, and outdoor storage of machinery, equipment or materials; and
- (2) Buildings, structures and hedges adjacent to provincial roads, major provincial highways and centers of intersection of same shall have a setback in accordance with the Highway Protection Act.

29.0 Open Space/Recreational Zone

29.1 Purpose

The Open Space/Recreational Zone established in this By-law is intended to provide sufficient land in suitable locations to accommodate educational, institutional, recreational and open space uses in keeping with the provisions of the Development Plan.

29.2 Open Space/Recreational Zone

The following Open Space/Recreational Zone is hereby established:

- (1) OR: Open Space/Recreational Zone

29.3 General Provisions

The provisions applying to the Open Space/Recreational Zone are contained within this PART. Also applying to these zones are the provisions of PART I - "OPERATIVE AND INTERAPTIVE CLAUSES", PART II - "GENERAL ADMINISTRATIVE CLAUSES", PART IV - "GENERAL PROVISIONS" and APPENDIX "A" - ZONING MAP.

29.4 Use Regulations

- (1) **Open Space/Recreational Zone**

Sections 30.2 and 30.3 contained within this PART, lists all the uses that are "permitted" and "conditional" in the OPEN SPACE/RECREATIONAL ZONE.

All listed uses are subject to the provisions contained herein.

- (2) **Exceptions**

No land shall be used or occupied and no building or structure shall be erected, altered, relocated, used or occupied hereinafter for any use in the Open Space/Recreational Zone in which such land building or structure is located other than a use listed in Sections 30.2 – 30.3 with the exceptions of uses lawfully established prior to the effective date of this By-law.

- (3) **Conditional Use**

Any use listed as a "CONDITIONAL USE" in Sections 30.3 shall comply with the provisions as set forth in Section 13.0 of PART II - "GENERAL ADMINISTRATIVE CLAUSES".

30.6 Explanation and Exceptions to Commercial Site Regulations

- (1) Yard and height requirements apply only to buildings and structures, and outdoor storage of machinery, equipment or materials;
- (2) Buildings, structures and hedges adjacent to provincial roads, major provincial highways and centers of intersection of same shall have a setback in accordance with the Highway Protection Act; and
- (3) The minimum separation between a detached accessory building and a main building shall be ten (10) feet. Clear of all projections

31.0 Regulations

The following regulations shall apply to all zones except wherein otherwise noted.

32.0 Conformance and Permits Required

No building or structure shall be erected, reconstructed, structurally altered, enlarged, relocated or moved, nor shall any building, structure or land be used for any use other than is permitted in the zone in which such building, structure or land is located and then only after applying for and securing all development permits, building permits, other permits and licenses required by all laws and by-laws in effect within the Town.

33.0 Buildings Under Construction

Any building or structure or portion thereof for which a necessary permit has been issued but which has not been completed or is not in full operation at the date when this zoning by-law becomes effective, and which is not designed for a use permitted in the zone in which it is located or is proposed to be located, may be completed and operated for the non-conforming use for which it was designed if it comes into full operation within one year of the said date and shall, together with the site on which the same is situated and the use to which the same and the said site are put, be subject to all the provisions of the Planning Act.

34.0 Temporary Buildings, Structures and Uses

A construction camp or other such temporary work camp and/or other temporary buildings and structures used for the storage of construction materials or equipment, both incidental and necessary to development on the same zoning site may be permitted on a temporary basis subject to the issuance of a development permit under the following conditions:

- (1) Temporary tarp structures to be located in the rear yard only;
- (2) A development permit for a temporary building, structure or use shall be subject to such terms and conditions as required by Council or the Development Officer; and
- (3) Each development permit issued for a temporary building, structure or use shall be valid for a period of not more than twelve (12) months and may not be renewed for more than two (2) successive periods at the same location.

35.0 Accessory Buildings, Structures and Uses

- (1) Where this By-law provides that any premises may be used or a building or structure may be erected or used for a purpose, the purpose includes any building or use accessory thereof.

PART IV: SECTIONS 31 - 67
GENERAL PROVISIONS

- (2) Accessory buildings and structures, except as otherwise permitted in the By-law, shall be subject to the following regulations:
 - (a) Where the accessory building or structure is structurally attached to a main building or structure, it shall be subject to, and must conform to, all regulations of this By-law applicable to the main building or structure;
 - (b) Detached accessory buildings or structures shall not be erected in a required front yard;
 - (c) Except as otherwise provided, no detached accessory building or structure shall be located closer than six (6) feet to any main building or structure nor shall it be located closer than two (2) feet, to any site line. In no instance shall an accessory building or structure be located within a dedicated easement right-of-way; and
 - (d) No accessory building or structure shall be erected prior to the erection of the main building or structure except where it is necessary for the storage of the tools and materials for use during construction of the main building or structure; or prior to the establishment of the principal use of the site where no principal building or structure is required. A development permit must be obtained for both the accessory and primary building at the same time.

36.0 Projections into Yards

Except as herein provided, every part of a required yard shall be open and unobstructed from the ground to the sky, save for trees, shrubs, gardens, fences and driveways:

- (1) Eaves, chimneys, cornices and ornamental or decorative features may extend or project into a required side yard not more than five (5) inches for each one (1) foot of width of such side yards provided the width of such side yard is not reduced to less than eighteen (18) inches; and, may extend or project into a required front yard or rear yard not more than three (3) feet; except, as may be required by the National Building Code.
- (2) An open, unenclosed and uncovered porch, a paved terrace or a deck may project into a required front yard for a distance not exceeding six (6) feet, with a corner side yard up to 50% of the width of the corner side yard; and into a required rear yard for a distance not exceeding twelve (12) feet, but this shall not be interpreted to include or permit fixed canopies. An open, unenclosed and uncovered porch, a paved terrace or a deck may project into a required side yard provided that the required side yard is not reduced to less than three (3) feet.
- (3) An open, unenclosed stairway or balcony, not covered by a roof or canopy, may project into a required rear yard not more than four (4) feet, and such balconies may extend into the required front yard not more than three (3) feet;

PART IV: SECTIONS 31 - 67
GENERAL PROVISIONS

- (4) Fences, hedges and landscaping design features are permitted in all required yards if maintained at a height of not more than three (3) feet in the front yard and at a height of not more than six (6) feet in the rear and side yards except:
 - (a) as may be required by provincial legislation for public safety purposes;
 - (b) as may be required by the National Building Code with Manitoba amendments for structures such as pools and hot tubs that contain more than 24 inches of water.

37.0 Private Communications Facilities

- (1) Private Communications Facilities may be permitted in any rear or interior side yard, but no part of such facilities shall project within 3 feet of any site line;
- (2) Private Communications Facilities may be permitted in a front yard or corner side yard, but when located in non Residential Zone no part of such facilities shall project within 40 feet of any front site line nor within 20 feet of any corner side site line;
- (3) Private Communications Facilities may be permitted on the roof of a building, but if located on the roof of a main building in a Residential Zone, shall have the base of the facility located not higher than 1.5 feet above the surface of the nearest point of the roof of the main building; and
- (4) When mounted in a Residential Zone on a free-standing support structure, shall have the top of the facility not higher than 3.5 feet above the highest point of the roof of the main building.

38.0 Area and Yard Requirements

Except as herein provided, the following regulations shall apply in all zones to ensure adequate site and yard requirements:

- (1) When site and yard requirements cannot reasonably be complied with, as in the case of a planned unit development or where their application cannot be determined on sites of peculiar shape, topography or due to design or site arrangement, such requirements may be modified or determined by the Variation Board pursuant to the provisions of The Planning Act;
- (2) No building shall be added to, or reconstructed, and no site shall be reduced in area, width and depth if such addition, reconstruction, reduction or alterations, will cause the violation of any provisions of this By-law;

PART IV: SECTIONS 31 - 67
GENERAL PROVISIONS

- (3) Yards and site area, width and depth provided for a building or structure existing on the effective date of this By-law or amendments thereto, shall not be reduced, if already less than the minimum requirements of this By-law; and
- (4) No yard or other open space around an existing building or structure which is hereafter provided around any building or structure for the purpose of complying with the provisions of this By-law, shall be considered as providing a yard or open space for any other building or structure; nor any yard or other required open Space on any adjoining site be considered as providing a yard or open space on a site where on a building or structure is to be erected.

39.0 Lots of Record

Any existing lot which has a site area, site width and/or site depth less than that required for the proposed use in the Zone in which said lot is located, and where said lot was on record in the Land Titles Office prior to the adoption of this By-law, or any amendment to this By-law, such lot may be occupied for any use permitted in that Zone, provided all other requirements of this By-law are complied with.

40.0 Existing Uses listed as Conditional Use

Any use, which legally existed prior to the adoption of this By-law, and is now listed as a Conditional Use, shall for the purposes of this By-law, be considered as a legally existing conditional use.

41.0 Only One Main Building or Use on a Site

There shall be only one main building and/or one main use on a site except wherein otherwise stated.

42.0 Planned Unit Development

Planned Unit Developments are listed as conditional uses in appropriate Zones and shall be subject to the following requirements:

- (1) The use table and site regulations table of each specific Zone shall not directly apply to Planned Unit Developments. The design, however, shall produce an environment of stable and desirable character and shall incorporate at least equivalent standards of amenity, open spaces, building separation, parking and other requirements and provisions of this By-law.
- (2) An application for the establishment of a Planned Unit Development shall be accompanied by the following information:
 - (a) Those requirements required for the issuance of a development permit as outlined in PART II, Section 17.0 of this By-law;

- (b) An Impact Statement or Study; and
 - (c) Such additional information as Council may consider necessary for the review of the proposal.
- (3) A residential Planned Unit Development may contain two or more principal buildings subject to the following criteria:
- (a) The minimum site area for a Planned Unit Development shall be one (1) acre;
 - (b) The side, front and rear yards equal the requirements of the zone in which the Planned Unit Development is located , shall be maintained;
 - (c) In no case shall buildings be closer to each other than the sum of the required yards for adjoining walls; and
 - (d) The density of development shall not be increased by greater than ten (10) percent of the normal density permitted in that zone.

43.0 Multiple Uses

Where any land, building or structure is used for more than one purpose, all provisions of this By-law relating to each use shall be satisfied. Where there is conflict such as in the case of site area and frontage, the higher or more stringent standard shall prevail, except otherwise approved by the Council.

44.0 Moving of Building or Structure

- (1) No building or structure shall be moved or relocated in whole or in part to any other location from within or from outside the Town of Arborg unless every portion of the building or structure is made to conform to all the regulations of this By-law applying to the zone in which it is to be located.
- (2) Issuance of a development permit to move a building or structure may require, at the discretion of the designated employee, posting of security in the form of an irrevocable letter of credit or cash, to ensure the building is brought into compliance with the zone regulations and building code in a timely manner, as determined by the designated employee.
- (3) Upon completion of removal of a building from a site, the old foundation shall be removed, any excavation shall be filled, the ground shall be leveled and the site shall be put in a safe condition, to the satisfaction of a designated employee.

45.0 Fence

(1) **Height**

Fences shall be constructed with a maximum height in side and rear yard of six (6) feet and maximum height in required front yard of three (3) feet, for each zone.

(2) **Materials**

Fences in all zones shall not be constructed of or contain:

- (a) barbed wire,
- (b) electrified wire,
- (c) debris, junk or waste materials unless such materials have been recycled and reprocessed into building materials marketed to the general public and resembling new building materials; or
- (d) other materials deemed unsuitable by Council.

(3) Fences shall not impede, obstruct or alter the flow of drainage.

(4) Fences in all zones shall not obstruct or confuse the view of vehicular and pedestrian traffic at intersections.

46.0 Outdoor Furnaces and Fire Pits

- (1) Outdoor furnaces, wood burning or otherwise, are not permitted in any zones in the Town of Arborg; and
- (2) Outdoor fire pits/appliances are permitted subject to municipal approval.

47.0 Noxious or Offensive Uses

Except wherein otherwise provided in this By-law, no use shall be permitted in any zone which may be noxious or offensive by reason of the emission or production of odor, dust, refuse matter, wastes, vapor, gas, smoke, vibration or noise. This shall not be interpreted as to prohibit those Conditional Uses specifically permitted in a zone.

48.0 Change of Use, Alterations and Additions to Building

The purpose for which any land, building or structure is used shall not be changed, no new building or structure shall be erected and no existing building or structure shall be added to or altered, if the effect of such change, erection, addition or alteration is to create

a situation contrary to the requirements of this By-law, unless permitted by a variation order in accordance with the provisions of the Act.

49.0 Public Utilities and Services

Nothing in this By-law shall be so interpreted as to interfere with the construction, maintenance and operation of the facilities of any public utility, as defined by this By-law, or public service such as police and fire protection, postal and telephone service

50.0 Small Wind Energy Generating Systems

Small wind energy generating systems shall be a permitted accessory use in all zoning classifications where structures of any sort are allowed; subject to certain requirements as set forth below:

- (1) **Wind Turbine Tower Height:** There shall be no specific height limitation, so long as the total extended height meets sound and set-back requirements, Air Traffic Safety Regulations and does not exceed height recommendations of the manufacturer.
- (2) **Set-back:** The turbine base shall be no closer to the property line than the height of the wind turbine tower, and no part of the wind system structure, including guy wire anchors, may extend closer than three (3) m (10 ft) to the property boundaries of the installation site. Additionally, the outer and innermost guy wires must be marked and clearly visible to a height of 2 m (6 ft) above the guy wire anchors. Council may waive setback requirements from adjacent properties if such adjacent property owner agrees to grant an easement binding on the current and future owners.
- (3) **Sound:** The mean value of the sound pressure level from small wind energy generating systems shall not exceed more than 6 decibels (dBA) above background sound, as measured at the exterior of the closest neighbouring inhabited dwelling (at the time of installation or during operation), for wind speeds below 22 mph (10 m/s) and except during short-term events such as utility outages and/or severe wind storms. Applicants may apply for exemptions from this requirement with written authorization from the pertinent building owner(s) and tenants, if applicable.
- (4) **Soil Studies:** For standard soil conditions (not including gravel, sand, or muck), foundations developed by the wind turbine manufacturer shall be acceptable for turbine installations of 20kW or less and will not require project-specific soils studies or an engineer's wet stamp.
- (5) **Signage:** All signs, other than the manufacturer's or installer's identification, appropriate warning signs, or owner identification on a wind generator, tower, building, or other structure associated with a small wind energy system visible from any public road shall be prohibited.

PART IV: SECTIONS 31 - 67
GENERAL PROVISIONS

- (6) Access: Any climbing foot pegs or rungs below 12 feet of a freestanding tower shall be removed to prevent unauthorized climbing. For lattice or guyed towers, sheets of metal or wood may be fastened to the bottom tower section such that it cannot readily be climbed.
- (7) Insurance: Additional insurance beyond homeowners' coverage shall not be required.
- (8) Compliance with Air Traffic Safety Regulations: Small wind energy generating systems must comply with applicable air traffic safety regulations. A statement on compliance by the applicant is sufficient. Transport Canada must be notified of the location (latitude and longitude) and height of all wind turbine installations through the aeronautical clearance application process. Small wind turbine towers shall not be artificially lighted except as required by Navigation Canada.
- (9) Compliance with the Manitoba Environment Act.
- (10) Compliance with International Building Code: Building permit applications for small wind energy generating systems shall be accompanied by standard drawings of the wind turbine structure, including the tower, base, and footings, anchoring method and drawn to scale. An engineering analysis of the wind turbine tower showing compliance with the International Building Code and certified by a licensed professional mechanical, structural, or civil engineer shall also be submitted. Documentation of this analysis supplied by the manufacturer shall be accepted. Wet stamps shall not be required.
- (11) Compliance with Existing Electric Codes: Building permit applications for small wind energy systems shall be accompanied by a line drawing of the electrical components in sufficient detail to allow for a determination that the manner of installation conforms to existing electrical codes, if applicable. This information frequently is supplied by the manufacturer.
- (12) Utility Notification: No grid-intertied small wind energy system shall be installed until evidence has been given that the utility company has been informed of the customer's intent to install an interconnected customer-owned generator. A copy of a letter to the applicant's utility is sufficient. No response or evidence of approval from the utility is required. Off-grid systems and grid-tied systems that are not capable of feeding onto the grid with advanced control grid fault protection and disconnect switches covered under the electrical code shall be exempt from this requirement.
- (13) Abandonment: If a wind turbine is inoperable for six consecutive months the owner shall be notified that they must, within six months of receiving the notice, restore their system to operating condition. If the owner(s) fails to restore their system to operating condition within the six-month time frame, then the owner shall be required, at his expense, to remove the wind turbine from the tower for safety

reasons. The tower then would be subject to the Public Nuisance provisions of the municipality's by-laws.

If the proposed small wind energy generating system meets the above criteria, Council shall approve an application for the small wind energy generating system by right without a public hearing. For those proposed small wind energy generating systems that do not meet the above criteria, a zoning variance will be required.

51.0 Rooftop Wind Energy Generating System

Rooftop wind energy systems shall be considered a permitted accessory use in all zoning classifications subject to certain requirements as set forth below.

- (1) Are set back at least 20 feet from the front building line, or in the case of corner lots, at least 15 feet from the front and side building line.
- (2) Are limited to a height of no more than 15 feet above the roof or top of the parapet, whichever is greater.
- (3) Comply with all noise limitations as per Section 50.0 (3).
- (4) Are safely and securely attached to the rooftop in compliance with the National/Provincial Building Codes.

52.0 Side Yard Exceptions

For the purpose of side yard regulations, the following dwellings with common party walls shall be considered as one (1) building occupying one (1) site: duplex, triplex and fourplex dwellings, row or townhouses, and multiple-family dwellings.

53.0 Site Reduced by Public Works, etc

A site area or site width or required yard reduced below the minimum requirements of this By-law by virtue of a public works, street or public utility shall be deemed to conform to the requirements of this By-law.

54.0 Public Monuments and Statuary

Nothing in this By-law shall be so interpreted as to interfere with the maintenance or erection of monuments, statuary, and similar structures.

55.0 Height Exceptions

The provisions of this By-law shall not apply to limit the height of any ornamental dome, chimney, tower, electrical or telephone, transmission line, television or radio mast,

steeple, water storage tank, electrical apparatus or the mechanical operations of a building.

56.0 Street Frontage and Future Road Allowance

- (1) Frontage: All developments shall be on sites having frontage on a public street.
- (2) Future Road Allowance Deemed Existing: No building or structure shall be erected upon any land which has been designated for a future road allowance. Any development adjacent to said future road allowance shall comply with the requirements of the By-laws as if the said future road allowance was already in existence.

57.0 Development on Zoning Site Only

No development permit shall be issued for the purpose of carrying out the construction or erection or the placing of any building or structure unless:

- (1) The development is to be designed, intended or located on a zoning site as defined in this By-law; or
- (2) A variation order has been obtained in accordance with the provisions of the Planning Act.

58.0 Sign Regulations

(1) **Intent**

The regulations of this section are intended and designed to establish a minimum control of signs. Such control is deemed essential to promote the health, safety, and general welfare by reducing hazards to pedestrian and vehicular traffic, by preventing unsightly and detrimental development having a blighting influence upon residential, business and industrial uses, by preventing signs from reaching such excessive size that they obscure one another to the detriment of all parties and by securing certain fundamentals of design for the community.

(2) **Regulations**

The following shall apply in all Zones except wherein otherwise stated:

- (a) No sign or sign structure shall be erected at any location where it may interfere with, obstruct the view of, or be confused with any authorized traffic sign, signal or device. No rotating beam, beacon or flashing illumination resembling an emergency light shall be used in connection with any sign display;

PART IV: SECTIONS 31 - 67
GENERAL PROVISIONS

- (b) No sign or sign structure shall be located in such a manner as to materially impede the view of any street or highway intersection; or in such a manner as to materially impede the view of the intersection of a street or highway with a railroad grade crossing;
- (c) All signs and sign structures shall be kept in repair and in proper state of preservation. Signs which have become obsolete because of discontinuance of the business service or activity shall be removed or relocated within thirty (30) days following such condition;
- (d) No flashing signs shall be permitted in any zone without the approval of the Council, except in Commercial Zones. In any event, no flashing sign shall be permitted within three hundred (300) feet of any residential zone; and
- (e) It is unlawful to erect or maintain any sign on, over or above any land or right-of-way belonging to the municipality and all signs must adhere to all the setback requirements of the zone in which it is located.

(3) Exemptions

The following signs shall not be subject to the provisions of this By-law, except wherein otherwise noted:

- (a) Signs posted by duly constituted public authorities in the performance of their public duties;
- (b) Flags or emblems of a political, civic, educational or religious organization;
- (c) Temporary signs may be authorized by Council for not more than two months at a time by written permit which shall show the size, shape, content, height, type of construction and location of such signs;
- (d) "No Trespassing" signs not exceeding three (3) square feet;
- (e) Construction signs when placed on construction sites and not exceeding twenty-five (25) square feet;
- (f) Signs required for direction and convenience of the public, including signs which identify rest rooms or parking entrance or exit, not exceeding five (5) square feet in area; and
- (g) Real estate signs not exceeding sixteen (16) square feet, which advertise the sale, rental or lease of the premises.

59.0 Parking Areas

- (1) The following regulations shall apply to all parking areas as required by this By-law
 - (a) The area shall be drained and maintained with a stable surface which is treated so as to prevent the rising of dust or loose particles; it may be constructed of crushed stone, slag, gravel, concrete, asphalt or other approved material;
 - (b) Where parking areas are provided in any commercial, industrial or open space/recreational zone and lighting facilities are provided, such lights shall be so shielded and directed as to reflect away from any adjoining residential area. Where parking areas are provided in any residential zone and lighting facilities are provided, such lights shall be so shielded and directed as to reflect away from any adjoining residential property;
 - (c) Where a parking area is situated along a site line which coincides with the boundary of a residential zone and is not separated there from by any street, lane or watercourse, a buffer of a design acceptable to the council shall be provided;
 - (d) No building shall be erected except one non-habitable accessory shelter for attendants; and
 - (e) No sign shall be erected except:
 - i. Signs for the direction of traffic within the parking area, and
 - ii. Directional signs of not more than twenty (20) square feet in area at each point of entrance and exit. Such signs may bear the name of the business if the parking area is connected thereto.
- (2) The layout and design of the accessory off-street parking area shall be as follows:
 - (a) The layout and design of the accessory off-street parking area shall be in accordance with the Table IV - I "MINIMUM PARKING SPACE REQUIREMENTS" of this PART;
 - (b) The length of each parking space shall be exclusive of access driveways, aisles, ramps and columns, and office or work areas;
 - (c) For a parking area where the angle of parking varies from that set forth in Table IV-I of this PART, the following shall apply:

PART IV: SECTIONS 31 - 67
GENERAL PROVISIONS

MINIMUM SIZE OF PARKING SPACE	MINIMUM AISLE WIDTH	ANGLE OF PARKING
9 feet X 20 feet	20 feet	75 to 90 degrees
	18 feet	50 to 74 degrees
	12 feet	Less than 50 degrees

- (d) Where access to a parking space is directly from a lane, the width of the lane adjacent to said parking space may be computed as part of the aisle width required for said parking space;
- (e) The angle of parking shall be measured between the center-line of the parking space and the center-line of the aisle;
- (f) The off-street parking area shall be provided with an access drive with a minimum width of ten (10) feet, to a street or lane; and
- (g) Except as provided for in paragraph (d), an aisle or driveway shall not mean a street or lane.

TABLE IV-I
 MINIMUM PARKING SPACE REQUIREMENTS

60.0 Home-Based Businesses

Home-Based Businesses (as defined) shall:

- (1) Requires a business license issued from the municipality;
- (2) Not detract from the neighborhood;
- (3) Be carried on solely by the members of the family residing in the same dwelling unit without the employment of other persons;
- (4) Have no exterior display, no advertising, no outdoor storage, and no other exterior indication of the home occupation or variation of the residential character of the principal or accessory building except as provided for herein;
- (5) Take up less than 50 per cent of the total floor area in the dwelling unit;
- (6) In the opinion of Council, not by reason of the emission of odor, dust, smoke, noise, gas, fumes, cinders, light, vibration, refuse matter or water carried waste become offensive or obnoxious and shall not create a nuisance beyond any site line; and
- (7) In the opinion of the Council, not cause the generation of undue traffic, parking problems, and congestion in the neighborhood.

61.0 Bed and Breakfast

A Bed and Breakfast Home (as defined) shall comply with the following regulations:

- (1) There shall be no exterior display or advertisement larger than two (2) square feet in area, no sign shall be illuminated and any sign must be compatible with the character of the area.
- (2) The bed and breakfast facility shall not generate vehicular traffic or parking that is in excess of what is normally characteristic of the area.
- (3) The bed and breakfast facility shall be operated by a live-in owner as a secondary use only, have a maximum of eight accommodation units, and shall not change the principal residential character or external appearance of the dwelling.
- (4) Guest stays shall be limited to less than twenty-eight (28) days.
- (5) Meals shall be limited to the occupants of the dwelling and resident guests with no cooking facilities allowed in guest rooms.
- (6) Catering to social functions is not permitted on site.

- (7) In addition to the parking for the primary use, one additional on-site parking space shall be provided for each accommodation unit.

62.0 Home Day Care

A Child Care Service shall meet Provincial Government regulations and comply with the following regulations:

- (1) The number of children within a Home Day Care established as a secondary use within a Dwelling shall not exceed eight.
- (2) A Home Day Care shall not be a principal use of a building within Residential Zoning Districts.
- (3) Council shall, in deciding whether to approve or refuse a Home Day Care which is a Conditional Use, shall consider, among other matters, if the development would be suitable for the location proposed, taking into account, among other matters, potential traffic generation, proximity to park or other open or recreation areas, isolation of the proposed site from other residential uses, buffering or other techniques designed to limit any interference with other uses or the peaceful enjoyment of their properties by nearby residents, and consistency in terms of intensity of use with other development in the area.

63.0 Guest House

Guest House (as defined) shall comply with the following:

- (1) all site requirements applicable to the zone;
- (2) a maximum building area of 400 square feet;
- (3) only provide secondary and incidental accommodation for family members and guests of the occupants of the main dwelling;
- (4) not to be intended for exclusive occupancy by a family living independent from the main dwelling;
- (5) not to be rented separately from the main dwelling;
- (6) not to be serviced by utilities separately from the main dwelling; and
- (7) not to be allowed to contain cooking facilities.

64.0 Garden Suite

Garden Suite (as defined) shall be required to comply with the regulations listed hereunder:

- (1) Occupancy: Occupancy shall be for an elderly parent(s) or other family member(s) who require or provide care and assistance from or for the occupants of the principal dwelling.
- (2) Applicants: Only owner(s) or occupiers of the principal dwelling, with consent of owner(s), are permitted to place a temporary additional dwelling.
- (3) Area – minimum: Garden suites will not be permitted on properties smaller than 512 m. sq. (5,500 sq. ft.).
- (4) Foundation: As the additional dwelling is temporary in nature it shall be placed on pad and post foundation only.
- (5) Separation: Minimum separation distance between detached buildings and the principal dwelling or temporary additional dwelling shall be 10 ft.
- (6) Size: Temporary additional dwellings shall have a maximum size of 1,200 sq. ft.
- (7) Yard Requirements: Temporary additional dwellings shall comply with front, side and rear yard requirements for the principal dwelling.
- (8) Access: Access to the temporary dwelling unit shall be provided by an existing driveway(s).
- (9) Restriction by Caveat: A caveat is to be placed on the subject property by the Municipality at the expense of the applicant, advising that the additional dwelling is temporary in nature and that it must be removed within 6 months upon cessation of occupancy for which it was intended.

65.0 Secondary Suite

Secondary Suite (as defined) shall be required to comply with the regulations listed hereunder:

- (1) It shall typically be created within an existing single dwelling unit – commonly called a “house” – either constructed as an addition to an existing house or incorporated during the construction of a new house.
- (2) It may have more than one storey and may be on the same level as the principal dwelling unit of the house or be above or below it.

- (3) Where a building has multiple occupancies, the secondary suite can only be created in a portion of the building that is of residential occupancy. Apartment buildings have more than two dwelling units and are therefore not permitted to have secondary suites.
- (4) Neither dwelling unit in a house can be strata-titled or otherwise subdivide from the remainder of the house under the provincial or territorial legislation. This means both dwelling units are registered under the same title.

66.0 Travel Trailer

Travel Trailers will not be allowed on vacant land. They will only be allowed on a temporary or seasonal basis as an accessory use to a primary residence, and they cannot encroach onto private property.

67.0 Flood Risk Area

(1) Definitions

In this section:

- (a) “Design Flood Level” means the 100 year flood level shown on the flood risk maps of the Arborg Area, which were designated on November 5, 1987, pursuant to the Canada-Manitoba Flood Damage Reduction Agreements;
- (b) “Floodway Area” and “Floodway Fringe Area” means those areas identified as floodway and floodway fringe on the flood risk maps of the Arborg Area, which were designated on November 5, 1987, pursuant to the Canada-Manitoba Flood Damage Reduction Agreements;
- (c) “Flood Proofing Criteria” means the flood proofing criteria established in this section;
- (d) “Flood Protection Level” means a level of 0.6m (2 feet) above the design flood level; and
- (e) “Hazardous Materials” means materials that are buoyant, flammable, explosive or toxic.

(2) Construction in Floodway Areas

No person shall construct, erect or locate any building or structure within or on a floodway area except public services, fences and open air structures for recreational use.

(3) Construction in Floodway Fringe area

No person shall:

- (a) Construct, erect or locate any building or structure other than a fence within or on a floodway fringe area; or
- (b) Make any addition to or reconstruct any building or structure other than a fence, within a floodway fringe area;

except in accordance with the flood proofing criteria in subsection (4) and in accordance with a building or development permit.

(4) Flood Proofing Criteria

Flood proofing criteria for buildings and structures shall be as follows:

- (a) Every building or structure that is located within the flood risk area, other than an accessory structure referred to in subsection (e) shall be:
 - i. Constructed on a site raised by fill; or
 - ii. Supported by piles.
- (b) If a building or structure that is constructed on a site raised by fill has a basement or cellar, the site shall be raised by impervious fill in accordance with the requirements illustrated in Schedule A, and:
 - i. the elevation of the main floor shall be at least 30 cm above the applicable flood protection level; and
 - ii. if the situ material is pervious, the design of the building or structure shall be certified by a Professional Engineer as being capable of withstanding hydrostatic and uplift pressures by a static water level at the flood level protection.
- (c) If a building or structure that is constructed on a site raised by fill has no basement or cellar, the site shall be raised by fill in accordance with the requirements illustrated in Schedule A and:
 - i. the elevation of the main floor shall not be less than the applicable flood protection level; and
 - ii. the top fill shall not be more than 30 cm below the applicable flood protection level.

- (d) If a building or structure is supported by piles, it shall be supported in accordance with the requirements illustrated in Schedule A or another equivalent support system, and:
 - i. the building or structure shall be so constructed that it will not be buoyant when the water surface of any flood that may occur is higher than the bottom of the horizontal members supporting the structure; and
 - ii. the elevation of any floor containing finished space shall be at least 1.0m above the applicable flood protection level.

- (e) **Accessory Buildings or Structures**
 - i. Every building or structure that is an accessory building or structure described in this subsection shall comply with the flood proofing criteria set out in this subsection.
 - ii. If any accessory building or structure is an attached garage, a livestock barn, granary, farm machinery shed or other building used for the storage of agricultural produce, or a workshop or shed used for the storage of immovable equipment or material or hazardous material,
 - a. the floor elevation of the structure shall be more than 30 cm below the applicable flood protection level; and
 - b. the top of the fill shall not be more than 60 cm below the applicable flood protection level.
 - iii. If the building or structure is a detached garage,
 - a. the floor elevation shall not be more than 1.5 m below the applicable flood protection level;
 - b. if constructed of wood, wood by-products or any other material susceptible to water damage, the structure shall be supported by foundation constructed of water resistant material, and the top of the foundation shall not be more than 50 cm below the flood protection level applicable to the site; and
 - c. any immovable equipment or material or hazardous material stored in the structure shall be stored 1.0 m above the floor level.
 - iv. If the structure is a storage tank for fuel oil, gasoline or any other liquid or solid, the structure

- a. shall be situated above the applicable flood protection level or be buried underground;
- b. shall be anchored to prevent flotation; and
- c. shall have the vent and filler pipes extend above the applicable flood protection level.

(5) Variation of Flood Proofing Criteria

Notwithstanding the above, exceptions to the flood proofing requirements may be permitted in respect of:

- (a) any proposed new building or structure to be constructed on one of a small number of remaining building sites, or on the only remaining building site, within an area which is almost fully developed with buildings; or
- (b) proposed work which constitutes
 - i. reconstruction of, or
 - ii. an addition to, or
 - iii. a building or structure accessory to, a lawfully existing building or structure; or
- (c) the replacement of a lawfully existing building or structure which has been destroyed by fire or other peril;

if the development officer, upon recommendation by the Water Resources Branch, is satisfied that it is impossible or impractical to comply with the flood proofing criteria.
